- 3) **Performance Guarantee:** Tarheel Canine Training Inc. guarantees that the K9 provided to the purchaser will meet the expectations of the purchaser in terms of temperament and working ability provided that the purchasing agency properly maintains the K9s training according to the program of training as instructed in the handler course, and additionally that such training is documented in training records. Should the team not meet the expectations of the purchaser after a suitable opportunity for remediation by Tarheel Canine Training Inc., the K9 shall be replaced (excluding any and all expenses that may be incurred to return the K9 and handler to Tarheel Canine Training Inc) at the mutual convenience of the purchaser and Tarheel Canine Training Inc, allowing for suitable time to procure and train a replacement K9 and conduct a handler course. There will be no charge to the purchasing agency for the handler course or lodging if a replacement K9 is issued. Any K9 returned must be in a healthy condition, with no permanent injury or defects. Should the canine's handler be replaced for any reason, the new handler and K9 must complete a full handler course within three (3) months of the change of handler at TK9's facility at TK9's market rate to keep this performance guarantee in force.
- 4) **Cost:** The cost for each dog, including training, handler course, certification, in-service training, and annual recertification is \$10495.00 per dog. Housing cost is \$650 for 4 weeks. Dual Purpose Equipment Kit (required) is \$800 per dog. Total Cost is \$11,945.

A 12% APR will be charged on any outstanding balances. **Pre-Payment:** A 2% discount will be applied if prepayment is received at least 30 days in advance of the scheduled handler course. **Multiple Purchases:** A 2.5% discount will be applied to the total cost of any multiple purchases.

- 6) **Health Guarantee:** TK9 warrants that the canine(s) provided will be in good general health when delivered to the buyer. The canine(s) will be current on all vaccinations, de-worming, and heartworm preventative. Health records and hip and elbow x-rays shall be provided the buyer upon taking possession of the animal on the first day of the handler course. Any veterinary expenses incurred during the handler course for treatment of injury or diagnosis and treatment of any illness, not as the result of handler negligence, shall be paid by TK9. Within 30 days of the conclusion of the handler course, Buyer shall obtain an initial baseline veterinary exam and a round of vaccinations to include a rabies vaccination from their departmental veterinarian. TK9 will unconditionally guarantee that the dogs will pass the physical health standards as set forth by the Buyer, including but not limited to X-ray screening for hip and elbow dysplasia, all current vaccinations, heartworm prevention and be free of internal and external parasites. TK9 will replace a canine that fails the buyer's health requirements as a result of this baseline examination. TK9 shall not be liable for any expenses associated with this initial veterinary screening exam, nor any veterinary costs of diagnosis or treatment for any condition at any time beyond the handler course. Should the buyer's veterinarian fail the dog for medical reasons, a written report detailing the defect responsible for this conclusion and its **congenital nature** shall be immediately forwarded to TK9 for immediate consideration under this health guarantee. Further, for a period not to exceed 2 years from the date of purchase, TK9 further guarantees replacement of the canine for any diagnosed congenital health defects which, in the opinion of the Buyer's veterinarian, will limit the canine(s) ability to function in the trained capacity of a police service dog. A written report of any such finding shall be forwarded to TK9 for immediate consideration for replacement. Any veterinary charges associated with diagnosing and/or treating any such congenital defects will be the sole responsibility of the buyer. Should the health guarantee be triggered, the dog shall immediately be returned to TK9 at the buyer's sole expense. Upon TK9's receipt of the dog in otherwise good health excepting the reason for the return, TK9 shall be obligated to replace the dog and handler course (including handler housing) with one of *similar* age, breed and training ability within three (3) months time.
- 7) **Health Guarantee Exclusions:** TK9 shall not guarantee dental defects resulting from injury in the course of training beyond handler course. K9 obesity shall void the health guarantee. K9s should be maintained at an appropriate weight. Failure to maintain preventative care, including heartworm prevention, will void the health guarantee.
- 8) **Delivery:** Delivery: Shall be at the mutual convenience of the purchaser and Tarheel Canine Training, Inc. Please feel free to call me at 919-244-8044 (cell) or 1-800-766-9032 (office) if we can be of service.

3. Differentiators

- We are a company committed to improving our training process as new and useful information comes available in the field and in training and behavior literature. Our contact with Law Enforcement and Military through our seminars allows us to grow and learn from their experience in the street and on the battlefield.
- We are a customer focused company, and when there are either health or performance issues with any of our dogs, we will resolve these issues to the satisfaction of the purchasing agency immediately.
- Health Guarantee well beyond most of the competition: 2 year health guarantee for congenital (not just genetic) defects.
- **We have the only (to our knowledge) lifetime performance guarantee in the industry, where we will replace any underperforming K9 at any time during that K9s lifetime, as long as proper maintenance training is conducted and documented. You will not be stuck with an under- or non-performing K9 or one with a temperament that does not fit your policing needs.**
- As opposed to many of our competitors who employ part-time K9 officers as instructors, we employ 6 full time police dog instructors allowing us flexibility to travel to customers when necessary, conduct handler training or problem solving at the customer's locations, perform continuing education seminars and recertification at the customer's location.
- K9s and Handlers are trained in realistic training venues in and near Sanford, NC including local schools, warehouses, businesses, vehicle impound lots, farms, parks, law enforcement training facilities, and airports.
- Handler courses available 11 times a year, starting the first Monday of **any month** except for in December, allowing flexible start times for handler courses.
- 2 year health guarantee for congenital (not just genetic) defects.
- Training is up to date and progressive. Many of our competitors teach methods that have proven years out of date, and cause problems for yearly recertification. Training director is a noted author and speaker, and seminars are in demand for both military K9 units and police agencies all across the US. Please see "seminars instructed" section of resume of Girard (Jerry) Bradshaw.
- Package pricing available for multiple K9s, K9s packaged with instructor courses, as is an early payment discount. Call for special pricing or package pricing.
