4.2 Aggregate Cap with County Rebate

CCS will incur the first \$75,000 in costs associated with healthcare services defined under its Aggregate Cap (Cap 1). Such services under the annual Aggregate Cap include ambulance, hospitalization, offsite laboratory, offsite X-rays, offsite dental, other offsite and specialty services, and certain pharmaceuticals as detailed in the section below. Any expenses incurred for such services in excess of \$75,000 per year will be the responsibility of the County. Should the costs associated with the provision of healthcare services listed above not exceed \$75,000 in the aggregate in any contract year, CCS shall reimburse the County at a rate of 100% of the difference between the actual cost to CCS for these services and the \$75,000 Aggregate Cap.

In the past, Jefferson County has exceeded the \$75,000 cap. If the County desires, CCS can increase the aggregate cap to a higher number with a corresponding increase in the contract price. For example, if the County desired a \$100,000 cap, CCS would agree to increase the cap with a \$25,000 increase in our contract price.

4.3 Pharmacy

Our proposal includes a comprehensive pharmacy program and management solution. This program includes medication prescribing, filling, dispensing, administration, accurate recordkeeping, reporting/invoicing, and quality assurance. CCS will be responsible for all pharmaceutical costs incurred at the County, with the exception of certain medications that are included in the cap.

In addition to the offsite services described in the section above, CCS's Aggregate Cap of \$75,000 will include all costs associated with AIDS, HIV, Hepatitis C, organ transplants, cancer, and neuromuscular disease medications.

4.4 Population Adjustments

This proposal is based on a base average daily population (ADP) of 325 total adult inmates. If, in any calendar month, the County ADP exceeds 350 inmates, the County will pay CCS a per diem of \$0.65 per inmate to be reconciled quarterly. If, in any calendar month, the ADP falls below 300 inmates, CCS will credit the County a per diem of \$0.65 per inmate to be reconciled quarterly.

This per diem is intended to cover additional costs in those instances where short-term changes in the inmate population result in higher utilizations of routine supplies and services. However, the per diem is not intended to provide for any additional fixed costs, such as new staffing positions, which might prove necessary if the inmate population grows significantly and if the population increase is sustained. In such cases, CCS reserves the right to negotiate for a contract price increase in order to maintain the same high quality of care for the increased inmate population. If the County experiences a sustained decrease in inmate population, CCS is open to discussing changes in staffing levels to better reflect the normalized inmate population.

4.5 Renewal Pricing

Annual renewals beyond the initial 12 months of the contract period will be based on the percentage increase for the previous 12-month period in the Medical Care Services component of the Consumer Price Index (CPI), as published by the United States Department of Labor, not to exceed 5.0%.

4.6 Terms of Cost Proposal

The terms of this proposal shall be valid for 60 days beginning October 18, 2016. This price represents the cost for providing services as defined within the proposal. Deviations or changes to these services may alter the cost and the per diem rate. This proposal does not represent a legally binding contract.
